

*April Student of the Month*

# KEIRA SCHNEIDER

Congratulations to Junior Keira Schneider who is April's Student of the Month. Math teacher, Ms. Hilbert says, "Keira is an exceptional student who performs at the top of the class, and you would never know it. She is so humble and kind." Religion teacher, Mrs. Wagner says, "Keira is a wonderful student who works hard and thinks deeply. She asks thought provoking questions and always strives for excellence."

Most recently in her English class, Keira wrote an allegory that was a "sympathetic look at what it's like to experience mental health issues. Based on the votes her allegory received, Keira's submission touched several of her peers who needed to hear the positive message of encouragement," says her teacher Mr. Byrd. Thank you for contributing positively to NDA, Keira!

- Participates in JETS, NHS and Archery. Keira is looking forward to serving as a captain on the Archery team next year.
- Paints windows at the Parish Kitchen as part of her service. Her most recent project is an Easter design to bring joy during this blessed season.
- Works at a horse barn in Hebron where she rode horses for 10 years. On Fridays and Saturdays she is a caretaker for the horses at the barn.

As the final exam for her art class, Keira is teaching herself to embroider, and she has been sewing since she was young. For an aspiring costume designer, these skills will serve her well!

Keira works hard and enjoys learning. She advises fellow Pandas to "do things you love" and "believe in yourself."

Keira was hesitant about taking AP Physics this year and now is described by the Physics teacher, Mr. Strickley, as a "model student." Keep taking healthy risks and believing in yourself, Keira!

*We are proud to call you a Panda!*
