

Dear Alumnae,

Notre Dame Academy is proud to join the five other all-girls schools in the Greater Cincinnati in a powerful, collective effort – Girls' Schools Unite.

Together, we share one belief, educating our young women changes lives, families, and communities. This campaign brings together Mercy McAuley, Mount Notre Dame, Notre Dame Academy, Saint Ursula Academy, Seton High School, and Ursuline Academy and **this year we have set a bold, collective goal. We are seeking 5,000 total donors across our schools to participate, and make a gift, to the Girls' Schools Unite campaign.**

Participation is what matters most. Every gift, at any level, represents a voice saying yes to confidence, leadership, faith, and opportunity for young women. When we come together, our impact is multiplied far beyond any one campus.

Of course, it would not be Girls' Schools Unite without a little friendly rivalry. **Even with our shared goal of 5,000 donors, we are still competing to see which school can claim the highest percentage of alumnae participation.**

By making a gift to your alma mater April 27-29, you are not only supporting our students, you are standing alongside thousands of others who believe in the power of all-girls education. Our schools depend on the generosity of you, our valued alumnae, and your financial contribution next week will have an incredible impact to our students.

We invite you to join us in unlocking the extraordinary power of girls' education.
