

THE *nda* LIFE

Dear Parents,

I hope you and your family enjoyed a blessed and joyous Easter break. It was a wonderful opportunity to reflect, think and pray. It was also a great chance for our students to relax a bit before the final weeks of the school year.

I hope you received my email yesterday regarding our upcoming cardiac emergency drill. We are very fortunate to have the opportunity to work with Cincinnati Children's Hospital in order to be designated a Heart Safe school. Please know that our efforts to make this happen have gone above and beyond the criteria for the designation as the safety and well being of our community is a priority for us. If you did not see the letter, you can find it on the following page. Please reach out to one of our school nurses with any questions or concerns.

Below you will find all sorts of exciting news about the many recent accomplishments of our NDA community. I am very proud our students' achievements and I thank our faculty and you, their parents, who have helped them along the way. While our students' successes are a source of pride for all of us, it is important to remember that a Notre Dame Academy education is more than that. It is about the good work of leading our students to become strong independent young women who strive to make a difference in the world. A Notre Dame Academy education is also about instilling in our students the spiritual and moral values that will prepare them for a life of success, community service and personal fulfillment. Handed down to us from the Sisters of Notre Dame, these are the values that inspire our work.

Enjoy this special time of year. As always, thank you for sending your daughters to Notre Dame Academy. We are blessed to have each and every one of them as part of our community *Discovering our purpose - transforming the world!*

In Notre Dame,

Mr. Jack VonHandorf

FROM THE SCHOOL NURSES' OFFICE

Dear Parents,

You should have received the letter below in an email from Mr. VonHandorf yesterday afternoon with some important information about an upcoming cardiac emergency drill at Notre Dame Academy. As you will read in Mr. VonHandorf's letter, this drill is an important step in NDA's designation as a Heart Safe school and we want to make sure that everyone is prepared for the drill. If you have any questions or concerns about the cardiac emergency drill, please contact us at ndanurse@ndapandas.org.

Thank you,

Tina Sizemore, RN
Julie Neubacher, RN

CARDIAC EMERGENCY RESPONSE PROJECT ADAM AT NDA

As you well know, our goal at Notre Dame Academy is to protect the health and wellbeing of our students, faculty and staff while continuing to meet our responsibility to educate our students. With that objective in mind, we partnered with Cincinnati Children's Hospital Medical Center (CCHMC) last November to ensure that NDA has a cardiac emergency response plan in place in order to establish specific steps to take action in a cardiac emergency at our school.

Notre Dame Academy is pleased to inform you we are well on our way to becoming a Heart Safe designated school, in collaboration with Cincinnati Children's Heart Institute and Project ADAM. This designation means our staff has a practiced plan in place to respond to a sudden cardiac arrest on our Notre Dame Academy campus.

The latest national statistics indicate that more than 350,000 children and adults across the U.S suffer cardiac arrest every year. Through our cooperative efforts with Cincinnati Children's Heart Institute and Project ADAM, we have joined thousands of schools throughout the nation in preparing our school for a cardiac emergency. This program enables us to offer any person who may experience a sudden cardiac arrest the best chance for survival.

A final step in becoming a heart safe designated school is a cardiac emergency drill which will take place later this week. The drill will involve our students, faculty, staff, nurses and school administration with an announcement over the PA alerting all community members that there is an emergency situation however, only one classroom will be directly involved.

It is important for students to understand that as part of the drill, they may be directed, by the adult in charge, to do something specific such as call 911, alert the front office or retrieve the AED unit. Until members of NDA's Cardiac Emergency Response Team (CERT) report to the emergency scene, teachers and students may be the first responders. On site will also be representatives from Cincinnati Children's Heart Institute, as well as our local EMS.

Please encourage your daughter to identify the two AED units that are currently located within the school building: one is in the main foyer (by Mrs. Grayson's office) and the second one is on the east stairwell (by the Chapel) between the 2nd and 3rd floors.

It has been proven that a carefully coordinated response to cardiac emergencies will reduce death and disability in school settings and help ensure that chaos does not lead to an improper or no response.

Please let us know if you have any questions or concerns about this upcoming drill.

Tickets can be purchased for \$10 each at school during lunches this week or at the game. We will also have hair bows (\$3) and tattoos (2 for a \$1) for sale. Come out on Sunday to support our Seniors and a great cause!

MAKING A DIFFERENCE

SWEET SOUNDS OF SUCCESS

Senior, Monica Geiman has been actively involved with the Immanuel School of Music, located in Lakeside Park, KY, since early grade school. Monica and her sister, Melissa, also a violinist, are both musicians of the highest-level orchestra, Sinfonia. Monica's first competition 8 years ago also took place in Chicago. Under the direction of Ellen Stephens, Monica recently competed with the Sinfonia in Chicago in the World Strides Competition. In previous competitions, Monica has competed in Nashville, Orlando, St. Louis, and Colonial Williamsburg.

This year, Monica was nominated for the Ovation Award by her orchestra director, Ellen Stephens, for her outstanding dedication to the program at Immanuel School of Music and for gifting her time and talents to the community. For the past two years Monica, an assistant Mozart Teacher, helps teach beginning strings weekly at a local school with the ISM Mozart program with a Mozart Teacher. Monica weekly assists on ISM's main campus playing with younger musicians and mentoring their musical growth. Monica arrives early and stays late to assist with set up and tear down or as asked by the teachers. Sharing her talents with the community is evident as Monica has played Christmas music at nursing homes and is an active music minister playing weekend Masses, weddings, funerals, and events. We have heard her perform many times at NDA! Monica is also a member of the select ISM student quartet which has played a variety of private and public events sharing the gift of music with others. Monica's love of music and dedication to using her gift and talents to serve and bring joy to others is purely inspiring.

ATTENTION ALL FACULTY, STAFF, ALUMS NDA PARENTS, & FRIENDS OF NDA
ANNUAL BABY DAY INVITATION

Greetings from the NDA's Psychology Class!

NDA's Psychology Class is once again able to host the annual "Baby Day" activities on **Thursday, April 27, 2023**. This event will be held in Alumnae Hall so that we will have plenty of room to accommodate a larger number of children and so that parents & grandparents will have easier access with no steps involved.

There is one **40-minute** session available. The session begins at **9:45 a.m. and will conclude by 10:20 am.**

Please contact Michele Johnson at johnsonm@ndapandas.org, if you wish to participate. Please include the name(s) of your child/children and their ages.

Newborns through kindergarten age are welcome.

This opportunity allows psychology students who have studied child development to put into practice the theories/concepts they have learned. The activities are loads of fun for the children and very educational for the psychology students.

It is necessary that you remain with your child or grandchild unless you are a faculty or staff member at NDA.

Thank you,
The NDA Psychology Class

So often we hear about the many teenagers who are exhausted and not getting enough sleep, and while this seems like a normal part of the adolescent experience, it can be damaging. A lack of good sleep can severely affect their abilities to perform well in school, extracurricular activities, and affect their ability to manage their emotions effectively. The Child Mind Institute recently shared a series of articles about teenage sleep deprivation and how to help improve sleep habits. To understand why teens are so sleep deprived [read here](#).
