Educating Women to Make a Difference in the World

Panda Press Weekly

August 12, 2026

THE *nda* LIFE

Dear Panda Families,

There is something special about this time of year at Notre Dame Academy. After a busy summer of preparing, planning and making improvements to our campus, the halls are beginning to fill again, and the energy of a new school year is all around us!

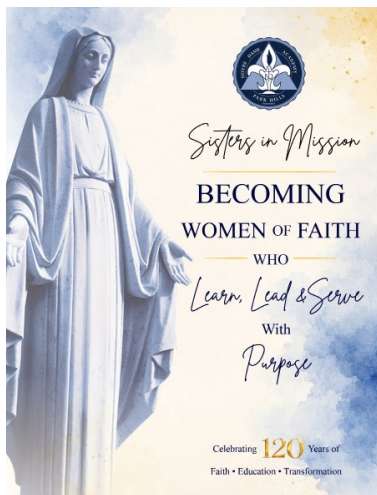

Of course, Mother Nature added a little unexpected excitement to our back-to-school preparations yesterday! The severe storms that moved through our area caused a power outage at NDA, and our campus remains without power at this time. **As a result, campus is currently closed.** We are continuing to monitor the situation closely and will reopen as soon as power is restored and we are able to safely do so. We appreciate everyone's patience and flexibility as we navigate this unexpected disruption during an already busy week.

This week, we have had the joy of welcoming members of the Class of 2030 to campus for our Freshman Bridge Program. On Friday, our freshmen and new students are scheduled to join us for Orientation and FunFest, and then on Tuesday, August 18, we will officially welcome all of our Pandas back to NDA for the first day of school!

As we begin our 120th year, our theme, Becoming Women of Faith Who Learn, Lead and Serve with Purpose, reminds us of what is at the heart of an NDA education. Our students will be challenged to grow academically, deepen their faith, discover their gifts and use those gifts in service to others. I am excited to see the many ways they will live out that call throughout the year.

Our Back-to-School Parent Information Night and our Freshman Gift Gathering for Light the Night for NDA are scheduled for tomorrow evening. Because of the ongoing power outage, please watch your email and NDA communications for an update. If power is restored before 3:00 p.m. tomorrow, we will communicate with families as soon as possible to confirm that the evening will proceed as planned. If power has not been restored by 3:00 p.m., we will communicate with families at that time regarding plans for Back-to-School Parent Information Night and the Freshman Gift Gathering event.

As you read through this week's Panda Press Weekly, you'll see just how much is already happening at NDA, from athletics and fine arts to new opportunities like Robotics. There is truly something for every Panda, and I encourage our students to get involved, try something new and make the most of the year ahead.

We are so grateful to partner with you in the education of your daughters, and we cannot wait to welcome everyone back next week. Despite a few unexpected challenges this week, our excitement for the new school year has not changed. We are looking forward to an amazing year together!

Walk in Faith,

Mrs. Lisa Ruwe Timmerding

ALL PARENTS ARE INVITED!

BACK TO SCHOOL NIGHT

Join us THIS THURSDAY, August 13, from 6:30–7:30 p.m. in the NDA Theater for our annual Back-to-School Parent Information Night.

IMPORTANT POWER OUTAGE UPDATE: NDA's campus is currently closed due to the ongoing power outage. If power is restored before 3:00 p.m. Thursday, we will communicate with families as soon as possible to confirm that Back-to-School Night will proceed as planned. If power has not been restored by 3:00 p.m., we will communicate with families at that time regarding plans for Back-to-School Parent Information Night and the Freshman Gift Gathering event.

This informative evening will provide an overview of what to expect during the upcoming school year and help families begin the year informed and connected. Our Principal and Leadership Team will share our school goals, mission and this year's theme, while also reviewing important information about student life, including behavior expectations and our Personal Mobile Device Policy (cell phone policy).

Parents will also have the opportunity to:

- Meet our Campus Minister
- Learn about our nationally recognized Drug Free Club from the Counseling Department
- Receive the Unofficial Panda Parent Guide
- Ask questions and connect with school leadership

Whether you are new to NDA or a returning Panda family, this is a great opportunity to learn about all that is in store for the 2026–2027 school year. We look forward to seeing you there!

Freshman Parents: Be sure to stick around after Back-to-School Night for our Light the Night for NDA Freshman Gift Gathering Party! It's a fun opportunity to meet other Class of 2030 parents, learn more about Light the Night and help us get ready for one of NDA's biggest celebrations of the year. More information on page 13.

The first NDA Mixer of the school year is almost here! Join us on Saturday, August 22, from 7:30–10:30 p.m. for a night of music, dancing, games, and glowing fun at our Neon-Themed Mixer!

NDA's temporary two-way traffic pattern has ended, and our normal one-way traffic flow is back in effect.

Hilton Drive is ONE WAY. Do not travel up Hilton Drive in the wrong direction.

Thank you for your patience and cooperation throughout our summer campus projects and as we return to our normal traffic pattern!

NEW FACULTY AT NDA

WELCOME TO THE PANDA FAMILY!

Hannah Phirman

Hello! My name is Hannah Phirman. I'm so excited to be joining the Notre Dame Academy family for this upcoming school year as a math teacher. I will be teaching three sections of Honors Geometry, one section of CP Algebra II, and one section of CII Algebra II. I went to Bishop Brossart High School before earning a Bachelor's in General Mathematics with minors in Physics and Biology. From there, I moved to North Carolina to earn my Master's in Mathematics with a focus on statistics from the University of North Carolina Wilmington.

Outside of work, I love to hike, kayak, fish, crochet, read, and spend time with my fiancé and our families!

Between high school to being a GTA, I have almost 10 years of math tutoring experience. My teaching ideals are to help students understand why and how something behaves a certain way, which hopefully instills an appreciation for the subject so close to my heart! Although this will be my first teaching position, I'm so excited to start this new chapter with all of you!

Randy Wilson

I retired 3 years ago after 27 years teaching public school--most recently at Boone County High School where I taught physics and robotics.

Outside the classroom I am an unabashed homebody. I enjoy tinkering, creating, and spending time with my family and 2 dogs--which are also my family.

I'm looking forward to getting to know the NDA community and joining the Pandas family.

Mrs. Debra Kramer will be joining our Intervention Team as a part-time interventionist working in our Academic Enhancement Program. She brings a wealth of knowledge to NDA with 19 years of special education experience from public schools. We look forward to highlighting her in our next Panda Press. She just joined our faculty this week!

We are so excited to welcome all of these new faculty members as they add incredible content knowledge and passion for education along with their subject matters.

SEW MUCH FUN!

TEXTILES SUMMER CAMP BRINGS STUDENTS TOGETHER

Our first-ever NDA Textiles Summer Camp was a wonderful week of sewing, creativity, learning, and making new friends. Rising 6th, 7th, and 8th graders started by learning the basics of the sewing machine through sewing on paper and getting comfortable with their new skills on the machine. Throughout the week, campers created drawstring bags, scrunchies, and a quilted tote bag. We enjoyed great snacks and wrapped up the week with Donut Friday, enjoying some sweet treats as we finished our projects, designed outfits on fashion croquis, or had a free-sew day to put our new skills to work. It was a fun-filled week of creativity, friendship, and lots of sewing!

IMPORTANT INFORMATION

FINAL FORMS ACCOUNTS

FINALFORMS UPDATES REQUIRED FOR 2026-2027

Notre Dame Academy partners with FinalForms, an online forms and data management service which allows you to complete and sign forms for your daughter(s) online. FinalForms saves data from year-to-year, meaning you will never need to enter the same information twice! You may review your data at any time throughout the year to verify that it is current. If participating in athletics, parents and students were expected to use FinalForms and complete their updates for this school year or by the first day of school, if not participating in athletics. FinalForms is active now and if support is needed, please contact the school office.

Students who want to participate in athletics must upload a valid, signed KHSAA physical form in Final Forms before participating in any athletic activities, including conditioning workouts, open gyms and tryouts for all sports. The KHSAA physical form can be found [HERE](#). If you do not have a FinalForms account, please create one account at:

<https://notredameacademy-ky.finalforms.com>

and follow the prompts to create the parent account, begin your daughter's account and sign your forms. Your daughter's NDA gmail must be used when setting up her account. Once the parent/guardian creates the account, the student will be prompted in her NDA email to submit her forms. Please note: if you have already turned in your daughter's immunization record, you do not need to upload it separately. School personnel will upload it for you.

If a NDA student is struggling to login, click on the button "Login with Google." The username and password should then be recognized.

If you already have an account for a current NDA student and need to add another daughter: Login to your account and click MY STUDENTS to add another student to your account and make any updates for your returning student.

Make sure you are updating information for the 26-27 school year. If you have any issues or concerns, please do not hesitate to contact Mrs. Stacey Turner at turners@ndapandas.org.

ROBOTICS IS COMING TO NDA!

NEW ROBOTICS CLUB TO LAUNCH INNOVATIVE OPPORTUNITIES FOR STUDENTS

Notre Dame Academy is excited to announce the launch of a new Robotics Club for the 2026-27 school year!

Students participating in the club will have the opportunity to design, build, program and compete while exploring the exciting world of robotics and engineering. The club will focus on teamwork, creativity, problem-solving and innovation as students work together on hands-on projects and challenges.

In addition to gaining valuable STEM experience, students can also earn a one-half credit through participation in the club.

The new program reflects NDA's continued commitment to innovation and preparing young women to lead in an ever-changing technological world. Students interested in robotics are encouraged to complete the interest Google Form found [HERE](#).

A vibrant poster for the NDA Robotics Club. The background is dark blue with circuit-like patterns. At the top, the word "ROBOTICS" is in large, white, block letters. Below it, "IS COMING TO" is in yellow, and "NDA!" is in large, yellow, brush-stroke letters. On the left, a cartoon panda wearing a blue NDA jersey waves. On the right, a blue and silver LEGO Mindstorms robot with "NDA" on its front is shown. In the center, three icons (lightbulb, gear, star) precede the text "INNOVATE. BUILD. INSPIRE." Below this, a paragraph says: "Get ready to design, build, program, and compete as we launch an exciting new chapter of innovation at NDA!" At the bottom left, two white banners with icons say "EARN A 1/2 CREDIT THROUGH THIS CLUB!" and "BIG THINGS ARE BUILDING!". Below these are four icons with text: "TEAMWORK MAKES US STRONGER", "TECHNOLOGY SHAPES OUR FUTURE", "CHALLENGE DRIVES GROWTH", and "CREATE SOMETHING AMAZING". The bottom of the poster has a yellow banner with the text "BE PART OF THE FUTURE. BE PART OF ROBOTICS." and a gear icon.
