

THE *nda* LIFE

## Dear Parents and Guardians,

I hope you've had a chance to enjoy the beautiful fall weather that God has blessed us with this week. Taking in the beauty around us reminds us of the many blessings of creation and the world we share.

Last night, we celebrated our National Honor Society Induction, welcoming 96 students into this prestigious organization. This incredible number is a testament to the hard work, dedication and academic excellence of our students. Their commitment to their studies reflects the high standards of learning we strive to foster at NDA and we couldn't be more proud of their achievements.

This Friday marks the end of the first quarter. It's amazing to think that we're already a quarter of the way through the school year. To help our students succeed, we're offering additional Panda Prime Time (PPT) sessions at the mid-quarter and quarter's end. These extra sessions provide students with the opportunity to focus on areas where they need additional support. Over the next two weeks, two extra PPT sessions will be held to help both students and teachers prepare for the next quarter.

Last Friday, we also hosted our annual Club Orientation, where Student Council highlighted the many clubs and activities available to our students. It was a wonderful opportunity for them to explore their passions and find ways to get involved. I always encourage students to participate in co-curriculars, as it enriches their high school experience and helps them grow in so many ways.

As Parent-Teacher Conferences approach, I want to remind you to sign up through MyConferenceTime. These conferences are an important chance to discuss your daughter's progress and how we can best support her educational journey.

It's truly a privilege for all of us to work with your daughters each day. Thank you for trusting us and for partnering with us in our mission to educate young women to make a difference in the world.

Have a great week!

In Notre Dame,

Mr. Jack VonHandorf

## CLUB ORIENTATION

### SHOWCASING OUR MANY CLUBS AND ACTIVITIES

On Friday October 4, our Student Council students, under the direction of Ms. Hilbert and Ms. Meese, were able to showcase the 27 clubs and 11 activities offered to our students. Each club was showcased with a slide presentation, a video, or a live skit. The freshmen students were seated up front so that they would have an up close view of all that is offered to our students. The Student Council leaders introduced each club before the video or skit was shown. The students were able to see the wide range of activities and clubs offered from Pickleball Club to Textiles, from Entrepreneurship to UgaNDA PaNDAs, from Textiles Club to Global Health Advocates. The students were also told that we are always open to new ideas and open to adding clubs and activities to what we offer.

# FINE ARTS

## STUDENTS BRING SKELETONS TO LIFE IN CHARCOAL UNIQUE STILL LIFE CREATIONS

Our Art 2 students attempted a very still life of a skeleton. They did this using a viewfinder and the power of observation. They were to use black paper and both white and black charcoal in order to render out boney friend. They each chose an interesting angle and then added an object into their composition in order to tell a more interesting story of how the skeleton would interact with those objects and change the artwork's meaning through that symbol or relationship. If you would like to see their finished artworks they will be on display in Alumni Hall throughout the month of October, the spookiest month.
