

Igniting a Raging Fire

Think you know what you believe? Ready to find out?

This fall, St. Timothy Parish is launching a brand-new PSR program created specifically for high school students—and it's unlike anything we've offered before.

College is coming. So are the big questions:

**Does God really exist? Why does truth matter? How do I know what's right and wrong?
What does the Bible actually say? And what happens when someone challenges my faith?**

This isn't about memorizing answers or sitting through another boring Sunday school class. You'll tackle the real questions through honest conversation, Scripture, apologetics, Church history, and discussion about the issues you'll actually encounter in high school, college, and beyond.

Come ready to ask questions. Challenge ideas. Have real conversations.
Real questions. Real answers. A faith ready for college.
