

An e-Newsletter for the Families of Notre Dame Academy

**LETTER FROM THE PRINCIPAL** ◀

Blessings friends,

In the Catholic tradition, the month of November is a time to remember our loved ones who have passed. Last week at NDA, we celebrated our Remembrance Mass as a community. This was a rich and beautiful celebration of our faith and commemoration of the souls who have gone before us. Now we prepare for Thanksgiving with grateful hearts for all that we have been blessed with at Notre Dame Academy and in our lives. Next Tuesday, we will come together once again at our annual Thanksgiving Prayer Service to give thanks.

I am truly grateful for the way our students are *Becoming Fully Alive Through Education and Love* this school year. These are challenging times for us as Catholics. Our students are a source of optimism and inspiration as they live the mission of NDA serving others and making a difference in the world. You can see much evidence of this in the stories below:

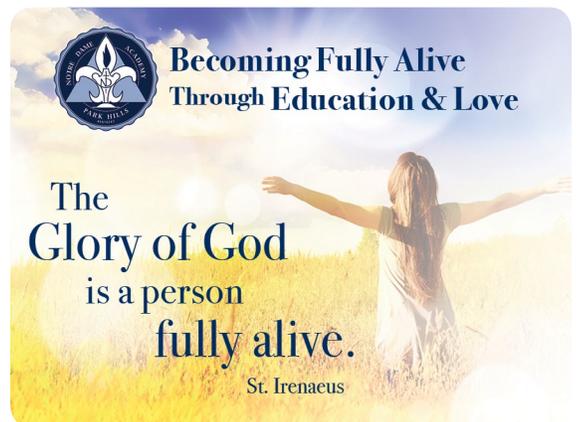

- Our Pandas are once again collecting thousands of canned goods to feed the hungry this winter. It's been full-fledged CAN-damonium this week at NDA. There are only two more days for students to bring in canned food items so please encourage your daughters to do all they can to help the cause tomorrow and Friday.
- LIFE Club members once again reached out to help St. Elizabeth Hospice with their annual dove project.
- Drug Free Club membership is at an all time high at NDA.
- Students are volunteering their time and energy doing service at over 50 local agencies throughout the school year.

Our mission clearly spells out our core goal: to educate young women to make a difference in the world. Along with that, we strive to help your daughters become great souls. As St. Julie says, "Great souls are needed." We teach our students that it is paramount that they not only care for their own souls but also the souls of others. It is clear that they understand their responsibility to the souls of others by their strong engagement in service to the community. The great joy they experience in serving others is further evidence of the light of Christ and His goodness in the world.

I am thankful for the good that exists in our world today and grateful to our students for highlighting it for all to see! I am also grateful for your continued support of Catholic education. Have a healthy and happy Thanksgiving!

In Notre Dame,

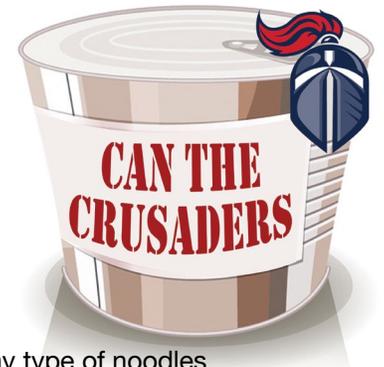

Mr. Jack VonHandorf

### WORK STUDY AND VOLUNTEER OPPORTUNITIES IN THE LONGSHORE DINING HALL ◀

Do you have just one day a month to volunteer for two hours in the NDA cafeteria? Helping out is neither difficult nor time-consuming and our current volunteers have fun visiting the school and seeing their daughters, granddaughters and friends. Volunteers are also welcome to stick around after their two-hour shift for lunch with "the crew". Grandparents in particular seem to love this job, so please consider asking your daughter's grandparents if they would like to help out. If you are interested in volunteering, please contact Karen Brungs at 859.292.1856 or [brungsk@ndapandas.org](mailto:brungsk@ndapandas.org). The schedule is online and you can sign up [HERE](#).

## MAKING A DIFFERENCE THROUGH SERVICE ◀

On Monday, students from the LIFE club helped St. Elizabeth Hospice package and wrap 1400 Dove ornaments that will be sent to families who have lost loved ones through Hospice this year. Here is the email we received from Julie Schuler who runs this project.

*“Huge heartfelt thank you to your students for the awesome job they did for our St. Elizabeth Hospice Dove project!!! The doves are ready to be hand delivered and mailed to our Hospice families. We truly could not get this project done without the help of your precious students. They are truly amazing and absolutely so kind and sweet!!!”*

## PROFESSIONAL DEVELOPMENT AND PANDAS! ◀

We are blessed with a very highly motivated, qualified and dedicated faculty at Notre Dame Academy. Our teachers are lifelong learners who understand that continued professional development ensures the best learning outcomes for our students. NDA science teacher Mrs. Molly Proudfit recently took time for some very interesting professional development and still ended up with pandas!

Last week, Mrs. Proudfit attended the 80th annual National Association of Biology Teachers Conference in San Diego, CA. While at the conference she attended lectures by Dr. Katie Hinde, Director of the Comprehensive Lactation Lab at Arizona State University, who studies and spoke on the evolutionary ecology and behavioral biology of milk, mothers, and infants, and by Ed Yong, science writer for *The Atlantic* and author of the New York Times bestseller, *I Contain Multitudes*, who spoke of the importance of telling scientists' stories in addition to communicating their data. Additionally, she attended break out sessions and workshops on teaching students to take sketch notes, designing and implementing content-based break out room scenarios to increase student engagement, contributing to the *American Biology Teacher* journal, how to train students to spot techniques used by pseudoscientists, the exposome, how chemical exposures cumulatively damage DNA, and how these damages lead to disease, and new research on e-cigarettes and how to bring this data into the biology classroom. She also won the opportunity for a behind the scenes tour of the San Diego Zoo, including a special viewing of their pandas, Xiao Liwu and Bai Yun. Mrs. Proudfit is grateful to the Administration for their continued support of professional development and for making this trip possible.

## ANOTHER DIMENSION OF LEARNING AT NDA! ◀

Students in Mrs. Benkert's Graphic Design class explored channels in Photoshop. By offsetting cyan and red channels images appear 3-D as long as everyone puts on their 3-D glasses!

## COUNSELING AND STUDENT SERVICES ◀

### GSE

The GSE application opens on November 16 and closes on January 20.

## PANDA TONES MAKE US PROUD! ◀

This past weekend, two members of our chorus group, the Panda Tones, participated in a Tri-State Honor Choir workshop and concert at Northern Kentucky University. At this workshop, the girls worked with choral directors from other high schools, including Beechwood, Ryle, Cooper, Boone County, among many others; they performed with a group of 150 other high school chorus students; expanded their choral repertoire with difficult college-level pieces; and they performed with the prestigious Chamber Choir from Northern Kentucky University under the direction of the Director of Choral Studies, Mrs. Katie Barton."
