

An e-Newsletter for the Families of Notre Dame Academy

LETTER FROM THE PRINCIPAL ◀

Dear Parents,

This is our final newsletter of the school year. I appreciate you taking the time to read the information that has been presented each week. Communication is a very important component of our partnership in your daughter's education.

I am grateful to our faculty, staff, students and parents for all they have done to make the 2020-21 school year a success. As I told our seniors at their graduation last week, education has changed more so in the past two years than any period in history. I am very appreciative of the way our community has been creative, flexible and adaptable this school year. It made all of the difference!

I would like to congratulate our Class of 2021. As a class, they earned over \$18 million dollars in scholarships. An incredible 42% of them received offers of half tuition or more to the school they are attending in the fall. Our recent graduates will be attending 46 different colleges and universities in 19 different states. They have been well prepared academically and they have been empowered spiritually. I have no doubt that these young women will make a tremendous difference in the world!

I would also like to congratulate Margaret Gartner on receiving the 2021 NDA Distinguished Graduate Award from the Sisters of Notre Dame. This is a well deserved honor as Margaret is certainly an outstanding witness to a Notre Dame Academy education.

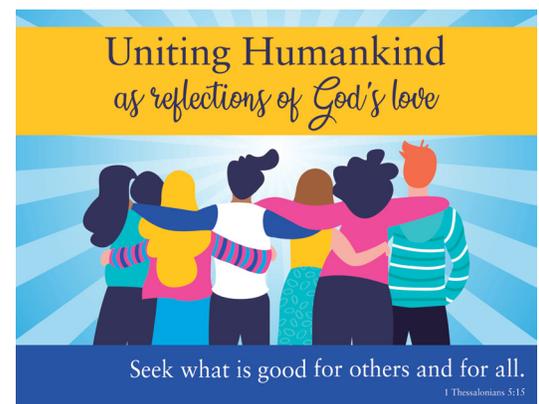

A special shout out and "thank you" to Sr. Paul Ann and Sr. Mary Rachel for once again organizing our annual Cleaning Day. This wonderful tradition not only helps keep our building in excellent condition, it also gives our students some ownership and responsibility in maintaining our school building which is a great life lesson.

We have had an amazing school year at NDA *Uniting Humankind as Reflections of God's Love*. As we begin our summer break, we give thanks for the many ways in which God's Goodness and Provident Care have blessed our school this year. While we are all looking forward to the summer break, as a community of lifelong learners rooted in the charism of the Sisters of Notre Dame, we are also excited about the start of our next school year. As COVID-19 protocols continue to be updated, our COVID-19 team will meet throughout the summer to plan for the upcoming school year. School starts on August 17. Please keep an eye on your email throughout the summer months for more information about the 2021-22 school year at NDA.

It is clear to me and I hope to each of you, that at NDA, we are part of a tradition larger than any one of us, a strong academic tradition of empowering young women to make a difference in the world. Thank you for partnering with us. I look forward to seeing our students in August and I wish you and your family a blessed and safe summer.

In Notre Dame,

Mr. Jack VonHandorf

NOTRE DAME ACADEMY

Educating Women to Make a Difference

PARENT INFORMATION SESSION: COVID-19 VACCINE

COVID-19 VACCINATION FOR ADOLESCENTS ◀

Our students and parents have many questions about the COVID-19 vaccine, now available for people 12 years old and older. We realize that choosing to vaccinate or not is a very personal decision that is best met with careful consideration and education. To support our families as they make this important decision, NDA recently brought together a team of NDA alumnae in the medical field to educate our community about the COVID-19 vaccine at a Parent Information Session.

In line with our mission of educating women to make a difference in the world, Dr. Shelly Voet of Pediatric Associates began our Parent Information Session with a presentation addressing the following goals:

- Discuss COVID-19 disease
- Discuss COVID-19 in teens
- Discuss the mRNA vaccine now available for teens 12-15 years
- Discuss benefits, risks, contraindications and precautions with COVID-19 vaccination

If you were unable to attend NDA's Parent Information Session regarding the COVID-19 vaccination for adolescents, you can find Dr. Voet's presentation [HERE](#).

You can also find vaccination information from Cincinnati Children's Hospital Medical Center here: [Coronavirus \(COVID-19\) Information | Vaccines: What You Need to Know](#)

According to our physician's panel, many pediatrician offices are, or will soon be offering the COVID-19 vaccine in their offices for eligible patients. Local pharmacies are offering it as well. If you are vaccinated at a pharmacy, please send your vaccination information to your primary care physician.

You can find more information regarding vaccinating children 12+ [HERE](#).

We sincerely thank the following NDA alumnae who served on our physicians panel at our Parent Information Session sharing their knowledge and expertise:

Dr. Shelly Finn Voet '87 - Pediatric Associates, Pediatrics

Dr. Amanda Fox Dropic '97 - Primary Pediatrics, Pediatrics

Dr. Ann Reed Macke '85 - Pediatrics of Florence, Pediatrics

Dr. Michelle Dixon Eckerle '94 - Cincinnati Children's Hospital Medical Center Pediatrics; Attending Physician, Emergency Dept; Asst Professor, UC Dept of Pediatrics

Dr. Allison Foertsch Bartlett '03 - Cincinnati Children's Hospital Medical Center Pediatric Hematologist/Oncologist, Division of Bone Marrow Transplantation and Immune Deficiency

CONGRATULATIONS

INFORMATION FROM TANK BUS SERVICE ◀

This summer, TANK is making a change that may affect a small number of current students at NDA. For many years, TANK has operated a bus after school to neighborhoods along Dixie Highway and Dudley Road in Edgewood. Due to a decline in ridership of this bus over the years, paired with serious operator shortages, TANK has had to look at the services they are providing and make some difficult decisions.

TANK will no longer be able to provide this bus to Notre Dame Academy. If you rely on this a primary or back-up option of transportation to school, please be aware that this bus will no longer be available.
